8. MOTIONS PURSUANT TO COUNCIL PROCEDURE RULE NO. 10

You may be aware that in December, a Private Members Bill aimed at giving local councils powers to tackle irresponsible pavement parking was proposed in Westminster and I ask this Council to support legislation in this area.

Legislation would simplify the current situation on pavement parking across England and Wales by recreating the system that exists in London, which prevents people from parking on the pavement except in areas specially designated by the council.

Whilst the Bill didn't progress, the Government is currently looking into potential solutions to the problems of pavement parking. I am asking if you will help by writing to the Secretary of State for Transport, to express support for a nationwide law on pavement parking.

A pavement parking law would make a huge difference to pedestrian safety all over the country and in our area through a driver mentality shift, and the Government needs to know that it has the support of councils as well as road users.

I propose that the Leader and Chief Executive write to and lobby our MP and other key bodies such as Department of Communities and Local Government, Local Government Association, District Councils' Network and Select Committee based on these proposals.

I so move  
Councillor Anne Welburn
