

## **Environment Agency – Overview and Scrutiny – 18 February 2020**

### Questions / Areas of Interest

1. By way of introduction, what is the remit of the Environment Agency across West Lindsey and beyond?
  - a. Have there been any policy changes in recent years (such as dredging or watercourse management) that have affected your areas of responsibility?
2. In light of recent flooding in areas of West Lindsey, please can you highlight what lessons have been learnt following these incidents and what actions are now being taken?
3. How can communications between the Environment Agency, other agencies and the public be improved?
4. How can West Lindsey District Council assist the Environment Agency to avoid a repeat of recent difficulties, or, to be of greater assistance should it happen again?
