13th February 2020

Dear Sir Edward

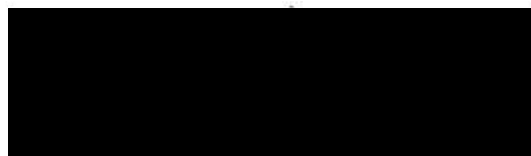

Re: Local Electricity Bill

I understand that the above bill was under consideration in the last parliament prior to the Conservative election win and this subject has also been raised as a Question at a recent Council meeting here at West Lindsey District Council.

West Lindsey District Council has recently established an Environmental and Sustainability working group in order to acknowledge the effects that this Council has made to reduce greenhouse gas emissions and promote renewable energy and recognise that Councils can play a central role in creating sustainable communities, particularly through the provision of locally generated renewable electricity.

I would like to ask if you would support this Bill.

Kind regards

Councillor Giles McNeill
