To:

Hello,

I'm a parent of a child at DeAston School, I am sorry not to have contacted you sooner. I am perfectly happy with their being alcohol and low music being played at the Sanderlings premises during the opening times of school and believe it will not affect my child or other student's education.

I am confident there will be no disruption to neighboring properties or the school, as when I have picked my child up from school the Sanderlings has always been peaceful and respectful of students and other residents.

Charlotte Elliott.
