

Environment and Sustainability Working Group –

Approved by Prosperous Communities Committee 3/12/19

1 Background

The Council notes that the impacts of climate change are a cause of serious environmental issues both locally and around the world

The 'Special Report on Global Warming of 1.5°C', published by the Intergovernmental Panel on Climate Change in October 2018

- (a) describes the enormous harm that a 2°C average rise in global temperatures is likely to cause compared with a 1.5°C rise, and
- (b) Confirms that limiting Global Warming to 1.5°C may still be possible with ambitious action from national and sub-national authorities, civil society and the private sector

Policies to reduce environmental damage caused by human activity can also have associated health, wellbeing and economic benefits

Council at its meeting passed a resolution to make the Council's activities net-zero carbon by 2050, in line with the UK Government's target

2 Purpose of the Working Group

To develop a new strategy on sustainability, climate change, and the environment for the Council

Such a strategy will also consider:

- o Achieving 100% clean energy across the Council's full range of functions by 2040;
- o How to ensure that all strategic decisions, budgets and approaches to planning decisions are in line with a shift to zero carbon by 2050, working to ensure that the Central Lincolnshire Local Plan review embraces this approach;
- o How to support and work with all other relevant agencies towards making the entire area zero carbon within the same timescale;
- o Suggestions for budget actions and a measured baseline;

- o How the Prosperous Communities Committee can consider the impact of climate change and the environment when reviewing Council policies and strategies;
- o Any available research (that is expected to be forthcoming) from APSE relevant to this work
- o Report on the level of investment in the fossil fuel industry that our pensions plan has.
- o Ensure that all reports in preparation for the 2021/22 budget cycle and investment strategy will take into account the actions the council will take to address this agenda;
- o Call on the UK Government to provide the powers, resources and help with funding to make this possible, and ask local MPs to do likewise
