

**Council**

**Date 14<sup>th</sup> November 2016**

**Subject: DECISION TO OPT IN TO THE NATIONAL SCHEME FOR AUDITOR APPOINTMENTS WITH PSAA AS THE 'APPOINTING PERSON'**

Report by:

Director of Resources

Contact Officer:

Ian Knowles  
Director of Resources  
ian.knowles@west-lindsey.gov.uk

Purpose / Summary:

To agree the participation in a national scheme to appoint our External Auditors from the financial year 2018/19 onwards

**RECOMMENDATION(S):**

The Council accepts Public Sector Audit Appointments' (PSAA) invitation to 'opt in' to the sector led option for the appointment of external auditors for five financial years commencing 1 April 2018.

## IMPLICATIONS

### **Legal:**

Section 7 of the Local Audit and Accountability Act 2014 requires a relevant Council/Authority to appoint a local auditor to audit its accounts for a financial year not later than 31 December in the preceding year. Section 8 governs the procedure for appointment including that the Council must consult and take account of the advice of its auditor panel on the selection and appointment of a local auditor.

Section 12 makes provision for the failure to appoint a local auditor: the Council/Authority must immediately inform the Secretary of State, who may direct the Council/Authority to appoint the auditor named in the direction or appoint a local auditor on behalf of the Council.

Section 17 gives the Secretary of State the power to make regulations in relation to an 'appointing person' specified by the Secretary of State. This power has been exercised in the Local Audit (Appointing Person) Regulations 2015 (SI 192) and this gives the Secretary of State the ability to enable a Sector Led Body to become the appointing person. In July 2016 the Secretary of State specified PSAA as the appointing person.

### **Financial : FIN/91/17**

There is a risk that current external fees levels could increase when the current contracts end in 2018.

Opting-in to a national scheme provides maximum opportunity to ensure fees are as low as possible, whilst ensuring the quality of audit is maintained by entering in to a large scale collective procurement arrangement.

If the national scheme is not used some additional resource may be needed to establish an auditor panel and conduct a local procurement. Until a procurement exercise is completed it is not possible to state what, if any, additional resource may be required for audit fees for 2018/19

### **Staffing :N/A**

### **Equality and Diversity including Human Rights : N/A**

**Risk Assessment :**

The principal risks are that the Council fails to appoint an auditor in accordance with the new frameworks or does not achieve value for money in the appointment process. These risks are considered best mitigated by opting in to the sector led approach through PSAA.

**Climate Related Risks and Opportunities : N/A**

**Title and Location of any Background Papers used in the preparation of this report:**

**Call in and Urgency:**

**Is the decision one which Rule 14.7 of the Scrutiny Procedure Rules apply?**

i.e. is the report exempt from being called in due to urgency (in consultation with C&I chairman)      **Yes**       **No**

**Key Decision:**

A matter which affects two or more wards, or has significant financial implications      **Yes**       **No**

## **Executive Summary**

This report sets out the proposals for appointing the external auditor to the Council for the 2018/19 accounts and beyond, as the current arrangements only cover up to and including 2017/18 audits.

The auditors are currently working under a contract originally let by the Audit Commission and the contract was novated to Public Sector Audit Appointments (PSAA) following the closure of the Audit Commission.

A sector-wide procurement conducted by PSAA will produce better outcomes and will be less burdensome for the Council than any procurement undertaken locally.

More specifically:

- The audit costs are likely to be lower than if the Council sought to appoint locally, as national large-scale contracts are expected to drive keener prices from the audit firms;
- Without the national appointment, the Council would need to establish a separate independent auditor panel, which could be difficult, costly and time-consuming;
- PSAA can ensure the appointed auditor meets and maintains the required quality standards and can manage any potential conflicts of interest much more easily than the Council;
- Supporting the sector-led body will help to ensure there is a vibrant public audit market for the benefit of the whole sector and this Council going forward into the medium and long term.

If the Council is to take advantage of the national scheme for appointing auditors to be operated by PSAA for the subsequent years, it needs to take the decision at this meeting to enable it to accept the invitation by early March 2017.

## **1 Introduction**

1.1 This report sets out the proposals for appointing the external auditor to the Council for the 2018/19 accounts and beyond, as the current arrangements only cover up to and including 2017/18 audits. The auditors are currently working under a contract originally let by the Audit Commission and the contract was novated to Public Sector Audit Appointments (PSAA) following the closure of the Audit Commission.

## **2 Background**

The Local Audit and Accountability Act 2014 (the Act) brought to a close the Audit Commission and established transitional arrangements for the appointment of external auditors and the setting of audit fees for all local government and NHS bodies in England. On 5 October 2015 the Secretary of State Communities and Local Government (CLG) determined that the transitional arrangements for local government bodies would be extended by one year to also include the audit of the accounts for 2017/18.

The Act also set out the arrangements for the appointment of auditors for subsequent years, with the opportunity for authorities to make their own decisions about how and by whom their auditors are appointed. Regulations made under the Act allow authorities to 'opt in' for their auditor to be appointed by an 'appointing person'.

In July 2016 PSAA were specified by the Secretary of State as an appointing person under regulation 3 of the Local Audit (Appointing Person) Regulations 2015. The appointing person is sometimes referred to as the sector led body and PSAA has wide support across local government. PSAA was originally established to operate the transitional arrangements following the closure of the Audit Commission under powers delegated by the Secretary of State. PSAA is an independent, not-for-profit company limited by guarantee and established by the LGA.

PSAA is inviting the Council to opt in, along with all other authorities, so that PSAA can enter into a number of contracts with appropriately qualified audit firms and appoint a suitable firm to be the Council's auditor.

The principal benefits from such an approach are as follows:

- PSAA will ensure the appointment of a suitably qualified and registered auditor and expects to be able to manage the appointments to allow for appropriate groupings and clusters of audits where bodies work together;
- PSAA will monitor contract delivery and ensure compliance with contractual, audit quality and independence requirements;
- Any auditor conflicts at individual authorities would be managed by PSAA who would have a number of contracted firms to call upon;
- It is expected that the large-scale contracts procured through PSAA will bring economies of scale and attract keener prices from the market than a smaller scale competition;
- The overall procurement costs would be lower than an individual smaller scale local procurement;

- The overhead costs for managing the contracts will be minimised through a smaller number of large contracts across the sector;
- There will be no need for the Council/Authority to establish alternative appointment processes locally, including the need to set up and manage an 'auditor panel', see below;
- The new regime provides both the perception and reality of independent auditor appointment through a collective approach; and
- A sustainable market for audit provision in the sector will be easier to ensure for the future.

The Council's current external auditor is KPMG, this appointment having been made under a contract let by the Audit Commission. Following closure of the Audit Commission the contract was novated to PSAA, and since this date PSAA has demonstrated its capability in terms of auditor appointment, contract management, and monitoring audit quality. Over recent years authorities have benefited from a reduction in fees in the order of 55% compared with fees in 2012. This has been the result of a combination of factors including new contracts negotiated nationally with the audit firms and savings from closure of the Audit Commission. The Council's current external audit fees are £43,403 per annum.

The proposed fees for the subsequent years cannot be known until the procurement process has been completed, as the costs will depend on proposals from the audit firms.

The scope of the audit will still be specified nationally, the National Audit Office (NAO) is responsible for writing the Code of Audit Practice which all firms appointed to carry out the Council/Authority's audit must follow. Not all audit firms will be eligible to compete for the work, they will need to demonstrate that they have the required skills and experience and be registered with a Registered Supervising Body approved by the Financial Reporting Council.

Currently, there are only nine providers that are eligible to audit local authorities and other relevant bodies; all of these being firms with a national presence. This means that a local procurement exercise, as described immediately below, would seek tenders from these same firms, subject to the need to manage any local independence issues. Local firms could not be invited to bid.

### **Alternative Options**

If the Council did not opt in there would be a need to establish an independent auditor panel. In order to make a stand-alone appointment the auditor panel would need to be set up by the Council itself. The members of the panel must be wholly or a majority of independent members as defined by the Act. Independent members for this purpose are independent appointees, this excludes current and former elected members (or officers) and their close families and friends. This means that elected members will not have a majority input to assessing bids and choosing which audit firm to award a contract for the Council's external audit.

Alternatively, the Act enables the Council to join with other authorities to establish a joint auditor panel. Again this will need to be constituted of wholly or a majority of independent appointees (members). Further legal advice would be required on the exact constitution of such a panel having regard to the obligations of each Council under the Act and the Council would need to liaise with other local authorities to assess the appetite for such an arrangement.

Neither of these options are recommended. Both these options would be more resource-intensive processes to implement and without the bulk buying power of the sector led procurement, would be likely to result in a more costly service. It would also be more difficult to manage quality and independence requirements through a local appointment process.

## **The Proposal**

PSAA has now formally invited this Council to 'opt in'. Details relating to PSAA's invitation are provided in an Appendix to this Report.

In summary the national opt-in scheme provides the following:

- The appointment of a suitably qualified audit firm for each of the five financial years commencing 1 April 2018;
- Appointing the same auditor to other opted in bodies that are involved in formal collaboration or joint working initiatives to the extent this is possible with other constraints;
- Managing the procurement process to ensure both quality and price criteria are satisfied. PSAA will seek views from the sector to help inform its detailed procurement strategy;
- Ensuring suitable independence of the auditors from the bodies they audit and managing any potential conflicts as they arise;
- Minimising the scheme management costs and returning any surpluses to scheme members;
- Consulting with authorities on auditor appointments, giving the Council/Authority the opportunity to influence which auditor is appointed;
- Consulting with authorities on the scale of audit fees and ensuring these reflect scale, complexity and audit risk; and
- Ongoing contract and performance management of the contracts once these have been let.

## **The way forward**

Regulation 19 of the Local Audit (Appointing Person) Regulations 2015 requires that a decision to opt in must be made by a meeting of the Council (meeting as a whole). The Council then needs to formally respond to PSAA's invitation in the form specified by PSAA by early March.

PSAA will commence the formal procurement process after this date. It expects to award contracts in summer 2017 and consult with authorities on the appointment of auditors so that it can make an appointment by the statutory deadline of December 2017.

Dear [Salutation]

### Invitation to opt into the national scheme for auditor appointments

As you know the external auditor for the audit of the accounts for 2018/19 has to be appointed before the end of 2017. That may seem a long way away, but as there is now a choice about how to make that appointment, a decision on your authority's approach will be needed soon.

We are pleased that the Secretary of State has expressed his confidence in us by giving us the role of appointing local auditors under a national scheme. This is one choice open to your authority. We issued a prospectus about the scheme in July 2016, available to download on the [appointing person](#) page of our website, with other information you may find helpful.

The timetable we have outlined for appointing auditors under the scheme means we now need to issue a formal invitation to opt into these arrangements. The covering email provides the formal invitation, along with a form of acceptance of our invitation for you to use if your authority decides to join the national scheme. We believe the case for doing so is compelling. To help with your decision we have prepared the additional information attached to this letter.

I need to highlight two things:

- we need to receive your formal acceptance of this invitation by 9 March 2017; and
- the relevant regulations require that, except for a body that is a corporation sole (a police and crime commissioner), the decision to accept the invitation and to opt in needs to be made by the members of the authority meeting as a whole. We appreciate this will need to be built into your decision making timetable.

If you have any other questions not covered by our information, do not hesitate to contact us by email at [appointingperson@psaa.co.uk](mailto:appointingperson@psaa.co.uk).

Yours sincerely

Jon Hayes  
Chief Officer

## Appointing an external auditor

### Information on the national scheme

#### Public Sector Audit Appointments Limited (PSAA)

We are a not-for-profit company established by the Local Government Association (LGA). We administer the current audit contracts, let by the Audit Commission before it closed.

We have the support of the LGA, which has worked to secure the option for principal local government and police bodies to appoint auditors through a dedicated sector-led national procurement body. We have established an advisory panel, drawn from representative groups of local government and police bodies, to give access to your views on the design and operation of the scheme.

#### The national scheme for appointing local auditors

We have been specified by the Secretary of State for Communities and Local Government as the appointing person for principal local government bodies. This means that we will make auditor appointments to principal local government bodies that choose to opt into the national appointment arrangements we will operate for audits of the accounts from 2018/19. These arrangements are sometimes described as the 'sector-led body' option, and our thinking for this scheme was set out in a prospectus circulated to you in July. The prospectus is available on the [appointing person](#) page of our website.

We will appoint an auditor for all opted-in authorities for each of the five financial years beginning from 1 April 2018, unless the Secretary of State chooses to terminate our role as the appointing person beforehand. He or she may only do so after first consulting opted-in authorities and the LGA.

#### What the appointing person scheme will offer

We are committed to making sure the national scheme will be an excellent option for auditor appointments for you.

We intend to run the scheme in a way that will save time and resources for local government bodies. We think that a collective procurement, which we will carry out on behalf of all opted-in authorities, will enable us to secure the best prices, keeping the cost of audit as low as possible for the bodies who choose to opt in, without compromising on audit quality.

Our current role means we have a unique experience and understanding of auditor procurement and the local public audit market.

Using the scheme will avoid the need for you to:

- establish an audit panel with independent members;
- manage your own auditor procurement and cover its costs;
- monitor the independence of your appointed auditor for the duration of the appointment;
- deal with the replacement of any auditor if required; and
- manage the contract with your auditor.

Our scheme will endeavour to appoint the same auditors to other opted-in bodies that are involved in formal collaboration or joint working initiatives, if you consider that a common auditor will enhance efficiency and value for money.

We will also try to be flexible about changing your auditor during the five-year appointing period if there is good reason, for example where new joint working arrangements are put in place.

Securing a high level of acceptances to the opt-in invitation will provide the best opportunity for us to achieve the most competitive prices from audit firms. The LGA has previously sought expressions of interest in the appointing person arrangements, and received positive responses from over 270 relevant authorities. We ultimately hope to achieve participation from the vast majority of eligible authorities.

### **High quality audits**

The Local Audit and Accountability Act 2014 provides that firms must be registered as local public auditors with one of the chartered accountancy institutes acting in the capacity of a Recognised Supervisory Body (RSB). The quality of registered firms' work will be subject to scrutiny by both the RSB and the Financial Reporting Council (FRC), under arrangements set out in the Act.

We will:

- only contract with audit firms that have a proven track record in undertaking public audit work;
- include obligations in relation to maintaining and continuously improving quality in our contract terms and in the quality criteria in our tender evaluation;
- ensure that firms maintain the appropriate registration and will liaise closely with RSBs and the FRC to ensure that any quality concerns are detected at an early stage; and
- take a close interest in your feedback and in the rigour and effectiveness of firms' own quality assurance arrangements.

We will also liaise with the National Audit Office to help ensure that guidance to auditors is updated as necessary.

### **Procurement strategy**

In developing our procurement strategy for the contracts with audit firms, we will have input from the advisory panel we have established. The panel will assist PSAA in developing arrangements for the national scheme, provide feedback to us on proposals as they develop, and helping us maintain effective channels of communication. We think it is particularly important to understand your preferences and priorities, to ensure we develop a strategy that reflects your needs within the constraints set out in legislation and in professional requirements.

In order to secure the best prices we are minded to let audit contracts:

- for 5 years;
- in 2 large contract areas nationally, with 3 or 4 contract lots per area, depending on the number of bodies that opt in; and
- to a number of firms in each contract area to help us manage independence issues.

The value of each contract will depend on the prices bid, with the firms offering the best value being awarded larger amounts of work. By having contracts with a number of firms, we will be able to manage issues of independence and avoid dominance of the market by one or two firms. Limiting the national volume of work available to any one firm will encourage competition and ensure the plurality of provision.

## **Auditor appointments and independence**

Auditors must be independent of the bodies they audit, to enable them to carry out their work with objectivity and credibility, and in a way that commands public confidence.

We plan to take great care to ensure that every auditor appointment passes this test. We will also monitor significant proposals for auditors to carry out consultancy or other non-audit work, to protect the independence of auditor appointments.

We will consult you on the appointment of your auditor, most likely from September 2017. To make the most effective allocation of appointments, it will help us to know about:

- any potential constraints on the appointment of your auditor because of a lack of independence, for example as a result of consultancy work awarded to a particular firm;
- any joint working or collaboration arrangements that you think should influence the appointment; and
- other local factors you think are relevant to making the appointment.

We will ask you for this information after you have opted in.

Auditor appointments for the audit of the accounts of the 2018/19 financial year must be made by 31 December 2017.

## **Fee scales**

We will ensure that fee levels are carefully managed by securing competitive prices from firms and by minimising our own costs. Any surplus funds will be returned to scheme members under our articles of association and our memorandum of understanding with the Department for Communities and Local Government and the LGA.

Our costs for setting up and managing the scheme will need to be covered by audit fees. We expect our annual operating costs will be lower than our current costs because we expect to employ a smaller team to manage the scheme. We are intending to fund an element of the costs of establishing the scheme, including the costs of procuring audit contracts, from local government's share of our current deferred income. We think this is appropriate because the new scheme will be available to all relevant principal local government bodies.

PSAA will pool scheme costs and charge fees to audited bodies in accordance with a fair scale of fees which has regard to size, complexity and audit risk, most likely as evidenced by audit fees for 2016/17. Pooling means that everyone in the scheme will benefit from the most competitive prices. Fees will reflect the number of scheme participants – the greater the level of participation, the better the value represented by our scale fees.

Scale fees will be determined by the prices achieved in the auditor procurement that PSAA will need to undertake during the early part of 2017. Contracts are likely to be awarded at the end of June 2017, and at this point the overall cost and therefore the level of fees required will be clear. We expect to consult on the proposed scale of fees in autumn 2017 and to publish the fees applicable for 2018/19 in March 2018.

## Opting in

The closing date for opting in is 9 March 2017. We have allowed more than the minimum eight week notice period required, because the formal approval process for most eligible bodies, except police and crime commissioners, is a decision made by the members of an authority meeting as a whole.

We will confirm receipt of all opt-in notices. A full list of authorities who opt in will be published on our website. Once we have received an opt-in notice, we will write to you to request information on any joint working arrangements relevant to your auditor appointment, and any potential independence matters that would prevent us appointing a particular firm.

If you decide not to accept the invitation to opt in by the closing date, you may subsequently make a request to opt in, but only after 1 April 2018. The earliest an auditor appointment can be made for authorities that opt in after the closing date is therefore for the audit of the accounts for 2019/20. We are required to consider such requests, and agree to them unless there are reasonable grounds for their refusal.

## Timetable

In summary, we expect the timetable for the new arrangements to be:

- Invitation to opt in issued 27 October 2016
- Closing date for receipt of notices to opt in 9 March 2017
- Contract notice published 20 February 2017
- Award audit contracts By end of June 2017
- Consult on and make auditor appointments By end of December 2017
- Consult on and publish scale fees By end of March 2018

## Enquiries

We publish frequently asked questions on our [website](#). We are keen to receive feedback from local bodies on our plans. Please email your feedback or questions to: [appointingperson@psaa.co.uk](mailto:appointingperson@psaa.co.uk).

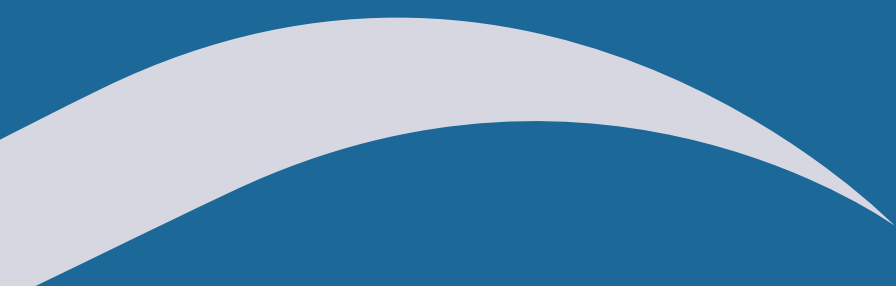

If you would like to discuss a particular issue with us, please send an email to the above address, and we will make arrangements either to telephone or meet you.

# Developing the option of a national scheme for local auditor appointments

[www.psa.co.uk](http://www.psa.co.uk)

  
**Public Sector**  
Audit Appointments

“The LGA has worked hard to secure the option for local government to appoint auditors through a dedicated sector-led national procurement body. I am sure that this will deliver significant financial benefits to those who opt in.”

– Lord Porter CBE, Chairman,  
Local Government Association

Over the next few months all principal authorities will need to decide how their auditors will be appointed in the future. They may make the appointment themselves, or in conjunction with other bodies. Or they can take advantage of a national collective scheme which is designed to offer them a further choice. Choosing the national scheme should pay dividends in quality, in cost, in responsiveness and in convenience.

Public Sector Audit Appointments Ltd (PSAA) is leading the development of this national option. PSAA is a not-for-profit company which already administers the current audit contracts. It has been designated by the Department for Communities & Local Government (DCLG) to operate a collective scheme for auditor appointments for principal authorities (other than NHS bodies) in England. It is currently designing the scheme to reflect the sector's needs and views.

The Local Government Association (LGA) is strongly supportive of this ambition, and 200+ authorities have already signalled their positive interest. This is an opportunity for local government, fire, police and other bodies to act in their own and their communities' best interests.

We hope you will be interested in the national scheme and its development. We would be happy to engage with you to hear your views – please contact us at [\*\*generalenquiries@psaa.co.uk\*\*](mailto:generalenquiries@psaa.co.uk)

You will also find some questions at the end of this booklet which cover areas in which we would particularly welcome your feedback.

# Audit does matter

High quality independent audit is one of the cornerstones of public accountability. It gives assurance that taxpayers' money has been well managed and properly expended. It helps to inspire trust and confidence in the organisations and people responsible for managing public money.

Imminent changes to the arrangements for appointing the auditors of local public bodies are therefore very important. Following the abolition of the Audit Commission, local bodies will soon begin to make their own decisions about how and by whom their auditors are appointed. A list of the local government bodies affected can be found at the end of this booklet.

The Local Government Association (LGA) has played a leadership role in anticipating these changes and influencing the range of options available to local bodies. In particular, it has lobbied to ensure that, irrespective of size, scale, responsibilities or location, principal local government bodies can, if they wish, subscribe to a specially authorised national scheme which will take full responsibility for local auditor appointments which offer a high quality professional service and value for money.

The LGA supported PSAA's successful application to the Department for Communities & Local Government (DCLG) to be appointed to deliver and manage this scheme.

# PSAA is well placed to award and manage audit contracts, and appoint local auditors under a national scheme

PSAA is an independent, not-for-profit company limited by guarantee and established by the LGA. It already carries out a number of functions in relation to auditor appointments under powers delegated by the Secretary of State for Communities & Local Government. However, those powers are time-limited and will cease when current contracts with audit firms expire with the completion of the 2017/18 audits for local government bodies, and the completion of the 2016/17 audits for NHS bodies and smaller bodies.

The expiry of contracts will also mark the end of the current mandatory regime for auditor appointments. Thereafter, local bodies will exercise choice about whether they opt in to the authorised national scheme, or whether they make other arrangements to appoint their own auditors.

PSAA has been selected to be the trusted operator of the national scheme, formally specified to undertake this important role by the Secretary of State. The company is staffed by a team with significant experience in appointing auditors, managing contracts with audit firms and setting and determining audit fees. We intend to put in place an advisory group, drawn from the sector, to give us ready access to your views on the design and operation of the scheme. We are confident that we can create a scheme which delivers quality-assured audit services to every participating local body at a price which represents outstanding value for money.

“Many district councils will be very aware of the resource implications of making their own appointment. Joining a well-designed national scheme has significant attractions.”

– Norma Atlay, President,  
Society of District Council Treasurers

“Police bodies have expressed very strong interest in a national scheme led by PSAA. Appointing the same auditor to both the PCC and the Chief Constable in any area must be the best way to maximise efficiency.”

– Sean Nolan, President,  
Police and Crime Commissioners  
Treasurers’ Society (PACCTS)

# The national scheme can work for you

We believe that the national scheme can be an excellent option for all local bodies. Early indications are that many bodies agree - in a recent LGA survey more than 200 have expressed an interest in joining the scheme.

We plan to run the scheme in a way that will save time and resources for local bodies - time and resources which can be deployed to address other pressing priorities. Bodies can avoid the necessity to establish an auditor panel (required by the Local Audit & Accountability Act, 2014) and the need to manage their own auditor procurement. The scheme will take away those headaches and, assuming a high level of participation, be able to attract the best audit suppliers and command highly competitive prices.

The scope of public audit is wider than for private sector organisations. For example, it involves forming a conclusion on the body's arrangements for securing value for money, dealing with electors' enquiries and objections, and in some circumstances issuing public interest reports. PSAA will ensure that the auditors which it appoints are the most competent to carry out these functions.

Auditors must be independent of the bodies they audit, to enable them to them to carry out their work with objectivity and credibility, and in a way that commands public confidence. PSAA plans to take great care to ensure that every auditor appointment passes this test. It will also monitor any significant proposals, above an agreed threshold, for auditors to carry out consultancy or other non-audit work to ensure that these do not undermine independence and public confidence.

The scheme will also endeavour to appoint the same auditors to bodies which are involved in formal collaboration/joint working initiatives or within combined authority areas, if the parties consider that a common auditor will enhance efficiency and value for money.

# PSAA will ensure high quality audits

We will only contract with firms which have a proven track record in undertaking public audit work. In accordance with the 2014 Act, firms must be registered with one of the chartered accountancy institutes acting in the capacity of a Recognised Supervisory Body (RSB). The quality of their work will be subject to scrutiny by both the RSB and the Financial Reporting Council (FRC). Current indications are that fewer than ten large firms will register meaning that small local firms will not be eligible to be appointed to local public audit roles.

PSAA will ensure that firms maintain the appropriate registration and will liaise closely with RSBs and the FRC to ensure that any concerns are detected at an early stage and addressed effectively in the new regime. The company will take a close interest in feedback from audited bodies and in the rigour and effectiveness of firms' own quality assurance arrangements, recognising that these represent some of the earliest and most important safety nets for identifying and remedying any problems arising. We will liaise with the National Audit Office (NAO) to help ensure that guidance to auditors is updated when necessary.

We will include obligations in relation to maintaining and continuously improving quality in our contract terms and quality criteria in our tender evaluation method.

# PSAA will secure highly competitive prices

A top priority must be to seek to obtain the best possible prices for local audit services. PSAA's objective will be to make independent auditor appointments at the most competitive aggregate rate achievable.

Our current thinking is that the best prices will be obtained by letting three year contracts, with an option to extend to five years, to a relatively small number of appropriately registered firms in two or three large contract areas nationally. The value of each contract will depend on the prices bid, with the firms offering the best prices being awarded larger amounts of work. By having contracts with a number of firms we will be able to ensure independence and avoid dominance of the market by one or two firms.

Correspondingly, at this stage our thinking is to invite bodies to opt into the scheme for an initial term of three to five years.

The procurement strategy will need to prioritise the importance of demonstrably independent appointments, in terms of both the audit firm appointed to each audited body and the procurement and appointment processes used. This will require specific safeguards in the design of the procurement and appointment arrangements.

“Early audit planning is a vital element of a timely audit. We need the auditors to be available and ready to go right away at the critical points in the final accounts process.”

– Steven Mair, City Treasurer,  
Westminster City Council

“In forming a view on VFM arrangements it is essential that auditors have an awareness of the significant challenges and changes which the service is grappling with.”

– Charles Kerr, Chair,  
Fire Finance Network

# PSAA will establish a fair scale of fees

Audit fees must ultimately be met by individual audited bodies. PSAA will ensure that fee levels are carefully managed by securing competitive prices from firms and by minimising PSAA's own costs. The changes to our role and functions will enable us to run the new scheme with a smaller team of staff. PSAA is a not-for-profit company and any surplus funds will be returned to scheme members.

PSAA will pool scheme costs and charge fees to audited bodies in accordance with a fair scale of fees which has regard to size, complexity and audit risk. Pooling means that everyone within the scheme will benefit from the most competitive prices. Current scale fees are set on this basis. Responses from audited bodies to recent fee consultations have been positive.

PSAA will continue to consult bodies in connection with any proposals to establish or vary the scale of fees. However, we will not be able to consult on our proposed scale of fees until the initial major procurement has been completed and contracts with audit firms have been let. Fees will also reflect the number of scheme participants - the greater the level of participation, the better the value represented by our scale of fees. We will be looking for principal bodies to give firm commitments to join the scheme during Autumn 2016.

# The scheme offers multiple benefits for participating bodies

We believe that PSAA can deliver a national scheme which offers multiple benefits to the bodies which take up the opportunity to collaborate across the sector by opting into scheme membership.

Benefits include:

- assured appointment of a qualified, registered, independent auditor
- appointment, if possible, of the same auditors to bodies involved in significant collaboration/joint working initiatives or combined authorities, if the parties believe that it will enhance efficiency and value for money
- on-going management of independence issues
- securing highly competitive prices from audit firms
- minimising scheme overhead costs
- savings from one major procurement as opposed to a multiplicity of small procurements
- distribution of surpluses to participating bodies
- a scale of fees which reflects size, complexity and audit risk
- a strong focus on audit quality to help develop and maintain the market for the sector
- avoiding the necessity for individual bodies to establish an auditor panel and to undertake an auditor procurement
- enabling time and resources to be deployed on other pressing priorities
- setting the benchmark standard for audit arrangements for the whole of the sector

We understand the balance required between ensuring independence and being responsive, and will continually engage with stakeholders to ensure we achieve it.

# How can you help?

We are keen to receive feedback from local bodies concerning our plans for the future. Please let us have your views and let us know if a national scheme operated by PSAA would be right for your organisation.

In particular we would welcome your views on the following questions:

1. Is PSAA right to place emphasis on both quality and price as the essential pre-requisites for successful auditor appointments?
2. Is three to five years an appropriate term for initial contracts and for bodies to sign up to scheme membership?
3. Are PSAA's plans for a scale of fees which pools scheme costs and reflects size, complexity and audit risk appropriate? Are there any alternative approaches which would be likely to command the support of the sector?
4. Are the benefits of joining the national scheme, as outlined here, sufficiently attractive? Which specific benefits are most valuable to local bodies? Are there others you would like included?
5. What are the key issues which will influence your decisions about scheme membership?
6. What is the best way of us continuing our engagement with you on these issues?

**Please reply to: [generalenquiries@psaa.co.uk](mailto:generalenquiries@psaa.co.uk)**

The following bodies will be eligible to join the proposed national scheme for appointment of auditors to local bodies:

- county councils in England
- district councils
- London borough councils
- combined authorities
- passenger transport executives
- police and crime commissioners for a police area in England
- chief constables for an area in England
- national park authorities for a national park in England
- conservation boards
- fire and rescue authorities in England
- waste authorities
- the Greater London Authority and its functional bodies.

## **BOARD MEMBERS**

Steve Freer (Chairman), former Chief Executive CIPFA

Caroline Gardner, Auditor General Scotland

Clive Grace, former Deputy Auditor General Wales

Stephen Sellers, Solicitor, Gowling WLG (UK) LLP

## **CHIEF OFFICER**

Jon Hayes, former Audit Commission Associate Controller

“Maintaining audit quality is critically important. We need experienced audit teams who really understand our issues.”

– Andrew Burns, Director of  
Finance and Resources,  
Staffordshire County Council
