

# FEES AND CHARGES REPORT

## APPENDIX 11 - PLANNING AND DEVELOPMENT SERVICES

### 1. Service description

The Planning and Development service has a number of Fees and Charges namely:

- Planning application fees – statutory set fees by Central Government that are dependent upon type of application. The Government’s Planning White Paper<sup>1</sup>, released in August 2020, proposed that *“Planning fees should continue to be set on a national basis and cover at least the full cost of processing the application type based on clear national benchmarking. This should involve the greater regulation of discretionary pre-application charging to ensure it is fair and proportionate.”*
- Pre application advice – an optional, enhanced service to encourage early engagement, improve customer experience and reduce time spent on invalid applications by identifying potential issues prior to plan submission. Pre-application engagement and “front-loading” is actively encouraged by national planning policy. Fees for this service can be set locally by WLDC. It may be noted that The Government White Paper does propose *“greater regulation of discretionary pre-application charging to ensure it is fair and proportionate.”*

WLDC adopted Community Infrastructure Levy (CIL) at Council on 13 November 2017. The implementation of CIL took place on 22 January 2018 which means that any qualifying planning decision made after this point is subject to a CIL charge. As a result, CIL is charged on the majority of all new buildings to ensure that development contributes towards the infrastructure needed to support growth in West Lindsey.

### 2. Prior years analysis, current financial year projections

The tables below illustrate the levels of income received 2019/2020 and 2020/2021 and an estimate for 2021/2022.

CIL contributions are excluded from figures in the table. For a full CIL summary please refer to the infrastructure funding statement published on West Lindsey District Council's website at <https://www.west-lindsey.gov.uk/my-services/planning-and-building/community-infrastructure-levy-cil/>

### 3. COVID Impact

The Government's position has been that planning is important for the economic recovery, and that planning decisions must continue to be processed within the statutory time periods (8/13wks), with extensions of time to be encouraged where necessary.

After an initial reduction in application numbers when the pandemic commenced, from July 2020 afterwards we saw an increase in application numbers consistently above the previous year.

Whilst this includes an increase in householder and non-major developments, we received 53 major applications – an average of over 4 per month.

#### **4. Price**

As the planning applications fees are statutory set we are unable to do any impact analysis.

The proposal is for the pre-application advice fees to be increased by 3.9% equivalent to inflation and rounded to the nearest £, except for a couple of fees which are detailed in Appendix 11 (Section 6).

There has been a continued focus on reducing overhead service costs through more efficient practices. Planning files are now digital / online, and measures are in place to reduce the demand for site visits.

#### **5. Understanding Customers and Markets**

During the current financial year, the strategic growth agenda has continued to focus on developing key relationships with landowners and developers to restore confidence in the local housing market. Working with partners such as the HCA, the Council has sought to gain a much improved understanding of the local viability pressures that have impacted upon delivery in the past and coupled with this the Council is investing heavily in regeneration and commercial projects. At the service level this requires an effective and engaged Development Management service working closely with all of these partners to make sure that the Planning service is fit for purpose and reflects modern industry development needs.

The focus on improving performance for our customers has ensured that the service has developed with a much sounder understanding of their needs. For instance, the service introduced a simplified “Do I need planning permission?” enquiry for the benefit of customers in 2019. It is important that successes such as the restored confidence in our pre-application advice service are not undermined by unnecessarily high increases or that we lose our share of this service to the private sector, which is why a fee increase based on inflation only is proposed.

#### **6. Proposed Charges**

Statutory charges will be applied in accordance with legislation. Two statutory fees for ‘Householder applications’ and ‘Request for conformation that planning conditions have been complied with’ have been deleted as they are covered elsewhere within the statutory fee schedule. The Government has introduced some new statutory fees for developments undertaken via the Government’s Permitted Development Order.

For non-statutory charges the Planning Service proposes to apply an increase equivalent to inflation at 3.9% and rounded to the nearest £ to move towards total cost recovery. This applies to all pre-application fees except for the following:

**‘Household developer – Do I need Planning Permission’** is proposed to increase by 33.35% in line with benchmarking data with comparable local authorities. This brings the fee (incl. VAT) up to £40, which is in line with North East Lincs who currently charge £42.

**‘Entry onto the Self-Build and Customer-Build Housing Register’** is set to only recover costs and is currently set at the correct fee so no change is proposed for 2022/2023.

**‘Paper copies of plans, drawings and documents’** is charged per page between £0.25 and £6.50 depending on paper size. This fee was increased last year and an increase for printing costs two years in a row would be deemed as excessive, so it is proposed to not increase these for 2022/2023.

**‘Decision Notices, Consents, Determinations’ Tree Preservation Orders’** have previously been charged per item, these are available digitally for free so there is little demand for them. We are proposing to delete this fee and any requests for printed documents to be covered within the ‘Paper copies of plans, drawings and documents’. Similarly the fee for ‘Information on planning records’ is proposed to be deleted and covered within the fee mentioned above.

Previously **‘Hazardous Substances’** pre-application advice was a variable fee, we have proposed a set fee of £100 for 2022/2023 to achieve total cost recovery and give the applicant certainty as to what they will be charged, as well as better align with the statutory fee for applying for Hazardous Substances Consent.

Some of wording and formatting throughout the schedules has been updated to make them easier to read and understand.

The proposed changes for pre-application fees are not anticipated to decrease demand and are forecast to achieve between an additional £1,200 and £3,500 p/a compared to the 2021/2022 MTFP.

CIL charges were proposed by WLDC prior to adoption and were subject to consultation. As part of this process, they were subject to a public examination by an independent person, namely a Government Inspector from The Planning Inspectorate. These were then formally adopted by Council. As such these rates cannot be subject to change without a full inspection by a similar independent person.

The Planning Service are seeking to set ambitious targets but do not want to frame the service in an unrealistic light as significant change to the Planning system is proposed by the Government over the forthcoming years.
