

Appendix 1

Supplementary Item – Prosperous Communities Committee, Tuesday 19th March 2024

Healthy Homes Project Approval

1. As referred to in section 5 of the Private Rented Sector Commitment report, the Council have been invited to take part in the Healthy Homes Project by the Department for Levelling Up, Housing and Communities (DLUHC). The basis for the Council's selection within this project is also shown within the report.
2. In order to engage in the project, the Council are required to approve the Memorandum of Understanding (MoU) that is shown as appendix 1 within this supplementary paper. There is a short timescale for approval of this MoU (29/3/24) hence the need for this supplementary item and subject to approval, urgent item at Corporate Policy and Resources Committee.
3. Subject to approval and return of the MoU, the Council will then be allocated to one of two groups within the project. Details of the project are shown in Annexe A (The Partner Activities) of appendix 1.
 - 3.1. If the Council is allocated to the "Treatment" group, it will be allocated up to £130k in 24/25 to deliver interventions to support damp and mould enforcement. Including;
 - Additional resource in your team;
 - Standardised training across your existing team;
 - Improved communications and engagement with landlords and tenants;
 - Improved equipment, i.e. tools to measure damp and mould; and
 - Improved data collection tools and support.
 - 3.2. If the Council is allocated to the "Control" group it will receive up to £11k in 24/25 to provide data returns to support the evaluation. It will not be required to implement any specific interventions, just commit to providing the relevant data.
 - 3.3. Officers have attend a briefing session with DLUHC on the project and can confirm the following;
 - The specific deliverable outcomes for the "Treatment" group are not agreed yet and will be agreed locally with each Council.
 - A small number of other Lincolnshire Council's have been selected and we are able to look at joint working with these where appropriate and subject to them engaging in the project.
 - The funding breakdown cited (additional resource £45k, Equipment £9k, Training £10k, Data Collection £36k and Comms £30k) is a

rough estimate and can be spent differently, subject to it being agreed with DLUHC.

- The project can be tailored to local aims and objectives subject to it still contributing to the overall aims in regards to damp and mould.

3.4. The Council are required to complete and return the MoU by the 29th of March 2024. It is felt that engaging in the project will be beneficial for the Council, regardless of which group we are selected to be part of. The areas of work identified for funding within the "Treatment" group will directly contribute to the broader work within the Private Rented Sector that the Council is committing to complete.

3.5. Prosperous Communities Committee are required to provide support for an application to the Healthy Homes Project. It will also need to refer the matter to Corporate Policy and Resources Committee as an urgent item for consideration due to the timescale in which a response is needed to be provided to DLUHC.

3.6. It is proposed that additional recommendations are made to the Private Rented Sector Commitment report at Prosperous Communities Committee on the 19th March 2024 as follows;

Committee are asked to approve;

- ***that the Council engage in the Healthy Homes Project with DLUHC***
- ***that an urgent item is taken to Corporate Policy and Resources Committee on the 21st of March 2024 to approve that the Council commits to seeking the required grant funding.***

Where use of Intellectual Property Rights belonging to a third party is required to perform the Activities or to use any Foreground IPR, the Partner will use reasonable efforts to secure licences for both Parties to use any such Intellectual Property Rights on an irrevocable, royalty-free, non-exclusive basis. Where this is not possible, the Partner will agree with the Authority such other means to procure the performance of the Activities and use of Foreground IPR without infringing such rights, which may include modification of the Activities to avoid infringement.

Each Party will provide to the other Party any information in its possession that may be reasonably requested by the other Party, subject to any confidentiality constraints, safeguards and statutory rules on disclosure. 12.2. This MoU may be terminated by either Party at any time by giving written notice to the other Party.

12.3. A Party terminating this MoU further to this paragraph 12 will give as much notice as reasonably possible and will offer all reasonable assistance to ensure an effective handover of Activities, if required, and to mitigate the effects of termination on the other. In particular, a Party terminating this MoU shall take reasonable steps to ensure the other Party is not put at risk of action for breach of any statutory or other legal obligations as a result of terminating this MoU. This will include compliance with the further specific handover requirements set out below.

12.4. If for any reason this MoU is terminated, the Authority may:

(a) give such directions to the Partner for the purpose of making arrangements for the handover of Activities (whether the Authority will continue the Activities itself or seek to agree replacement services with a third party); and/or

(b) authorise another party to take over all or part of the Activities as the Authority may specify.

12.5. The Partner shall co-operate fully with the Authority during any handover arising from the expiry or termination of this MoU. Such co-operation shall extend to allowing full access to, and providing copies of, all documents, reports, summaries and any other information necessary, within legal constraints, to the Authority or such other third party (or parties) authorised to take over all or part of the Activities in order to achieve an effective transition without disruption to routine operational requirements.

13. Financial Consequences of exit from the MoU by an individual Party

- 13.1. On termination of this MoU, a financial adjustment will be agreed according to the principle that the Authority will only be obliged to pay for Activities performed in accordance with the provisions of this MoU up to the date of termination (and upon termination the Partner shall provide a final report detailing the Activities it has performed).
- 13.2. Where the Authority has paid any sums in advance, the Partner will promptly arrange for repayment of amounts it has received for Activities it has not performed (such amounts to be agreed with the Authority based on the final report provided further to the above paragraph 13.1).

14. Review and audit of the MoU

- 14.1. In addition to the regular review meetings to discuss performance in accordance with paragraph 4.2, the Parties will review this MoU at least every [two (2) years], and whenever substantial changes occur to the policies, external relationships and structures of the Parties concerned. Any changes to this MoU will only be effective if set out in writing and signed by both Parties.
- 14.2. Each Party shall keep and maintain until [six (6) years] after termination of this MoU, full and accurate records of the Activities and all sums received in respect thereof. Each Party shall on request afford the other Party or their representatives such access to those records as may be requested in connection with the MoU or as otherwise required in connection with audit requirements (including, without limitation, audit by the National Audit Office).

15. Miscellaneous

- 15.1. This MoU does not confer any rights on any third party. Nothing in this MoU shall be interpreted as limiting, superseding, or otherwise affecting any Party's normal operations in carrying out its statutory, regulatory or other duties. This MoU does not limit or restrict either Party from participating in similar activities or arrangements with other entities.
- 15.2. The Authority reserves the right to vary the requirements of the MoU should this become necessary at any time, following discussion with the Partner. The Parties will confirm all agreed variations in writing.
- 15.3. If any such variations require an adjustment to the Activities or the fees payable then the Parties will seek to reach an agreement on how these variations should be managed and documented. The Authority shall have no obligation to incur any further costs under this MoU, nor shall the Partner/Authority 2 be required to perform additional Activities unless and until this has been agreed in writing.

Annex A. The Partner Activities

16. For 'Partners' in the TREATMENT GROUP

- 16.1. 'Partners' in the treatment group are expected to deliver the interventions (i) – (v) below, in line with guidance.
 - I. Additional resource in enforcement teams
 - II. Standardised training across your existing team.
 - III. Improved communications and engagement with landlords and tenants.
 - IV. Improved equipment, i.e., tools to measure damp and mould; and
 - V. Improved data collection tools and support.
- 16.2. Funding associated with the Healthy Homes Project may also be used for additional staff training, IT and digital services, where the costs in question are directly attributable to the Healthy Homes Project and are specifically required to deliver its objectives as set out above.
- 16.3. Partners in the treatment group will be provided with guidance which sets out in more detail the activities and outputs which they will deliver, together with their expected costs.
- 16.4. The Department will provide **up to £130,000** to the Partner, as a resource grant under Section 31 of the Local Government Act 2003.
- 16.5. The grant will be transferred in two equal tranches in April and October. Please note that the allocations for 23/24 and 24/25 are provisional, but that the Department has a policy of only altering future allocations in exceptional circumstances.
- 16.6. The payment of each tranche of funding will be subject to the Department agreeing that:
 - a. the outputs specified in the guidance to date have been achieved, or that satisfactory reasons have been given where this is not the case, and that
 - b. the activities undertaken by the Partner are meeting the objectives of the Healthy Homes Project.
- 16.7. Funding will also be conditional on written assurance from the Partners Section 151 Officer that:
 - a. funding in each tranche is aligned to planned expenditure within scope of the Healthy Homes Project and
 - b. all funding from the previous tranche, where applicable, is accounted for and is applied only to activity within scope of the Healthy Homes Project.

- 16.8. If the Partner does not expect to need to draw down the full allocation in any given period, the Department should be informed so that the allocation can be adjusted downwards. The Partner may submit a request to the Department, based on actual expenditure plans, for the underspend to be reallocated into a later period. This is at the discretion of the Department, as the budget is fully allocated across the whole programme from the outset, and there should be no general expectation that underspends in one period can be transferred to a later point in the programme.
- 16.9. Any underspend against the previous payment will be deducted from the following tranche except where the Partner and the Department agree clear plans for additional expenditure, within the scope of the Partners Healthy Homes Project for which the unspent funding may be used.
- 16.10. Local authorities assigned to a **treatment group will** retain flexibility to vary expenditure against each of the specific activities set out in the **Guidance document**: for example, increasing the funding allocated to one type of staff cost and decreasing another. However, any significant changes to the overall delivery plan must be agreed in advance between the Partner and the Department. Any significant increase in non-staff costs, either through a substantial increase in spend on IT, training or overheads (>£10,000), or through introduction of activities or expenditure not specified in the plan, must be agreed in advance between the Partner and the Department.
- 16.11. Partners will need to provide data to support the evaluation, at the outset of the fund (likely April) and, at a minimum, to the end of the funding (March 2025). This is still being developed but likely to capture data on PRS inspections, inspections, enforcement activity and staffing over the previous 12 months (covering April 2024 to March 2025, and where available, April 2023 to March 2024)'. Data requests may (within reason) extend beyond the period for which funding has been provided by the Department.
- 16.12. Local authorities assigned to a treatment group will provide **quarterly** (TBC) reports to the Department covering the expenditure, outputs and outcomes associated with the Partners Healthy Homes Project. The Partner will also provide relevant information where needed in response to reasonable requests from the Department or from an independent evaluator acting on behalf of the Department, for example in support of work to evaluate the full Healthy Homes Project itself or the wider Levelling Up programme. These requests may (within reason) extend beyond the period for which funding has been provided by the Department.

17. For Partners in the CONTROL GROUP

- 17.1. Local authorities in the control group are expected to provide data returns to support the evaluation (see 'monitoring' – below). They will not be required to implement any specific interventions.

Funding for the control group:

- 17.2. The Department will provide **up to £11,000** to the Partner, as a resource grant under Section 31 of the Local Government Act 2003.
- 17.3. The grant will be transferred in two equal tranches in April and October. Please note that the allocations for 23/24 and 24/25 are provisional, but that the Department has a policy of only altering future allocations in exceptional circumstances.
- 17.4. The payment of each tranche of funding will be subject to the Department agreeing that:
 - a. the outputs specified in the guidance to date have been achieved, or that satisfactory reasons have been given where this is not the case, and that
 - b. the activities undertaken by the Partner are meeting the objectives of the Healthy Homes Project.
- 17.5. If the Partner does not expect to need to draw down the full allocation in any given period, the Department should be informed so that the allocation can be adjusted downwards. The Partner may submit a request to the Department, based on actual expenditure plans, for the underspend to be reallocated into a later period. This is at the discretion of the Department, as the budget is fully allocated across the whole programme from the outset, and there should be no general expectation that underspends in one period can be transferred to a later point in the programme.
- 17.6. Any underspend against the previous payment will be deducted from the following tranche except where the Partner and the Department agree clear plans for additional expenditure, within the scope of the Partner Healthy Homes Project for which the unspent funding may be used.
- 17.7. 'Partners will need to provide data to support the evaluation, at the outset of the fund (likely April) and, at a minimum, to the end of the funding (March 2025). This is still being developed but likely to capture data on PRS inspections, inspections, enforcement activity and staffing over the previous 12 months (covering April 2024 to March 2025, and where available, April 2023 to March 2024)'. Data requests may (within reason) extend beyond the period for which funding has been provided by the Department.
- 17.8. Local authorities assigned to a control group will provide quarterly reports to the Department covering the expenditure, outputs and outcomes associated with the Partner Healthy Homes Project. The Partner will also provide relevant information where needed in response to reasonable requests from the Department or from an independent evaluator acting on behalf of the Department, for example in support of work to evaluate the full Healthy Homes Project itself or the wider Levelling Up programme. These requests may (within reason) extend beyond the period for which funding has been provided by the Department.]

Annex B. The Authority's commitments

The Department will remain engaged with the Partner throughout the duration of the programme in order to support and monitor delivery. The Partner is expected to have developed an exit strategy, with the expectation that no additional funding from the Department will be available.

Annex C. Costs
