

Progress and Delivery

Summary of Year-End Performance

April 1st – 31st March 2024/25

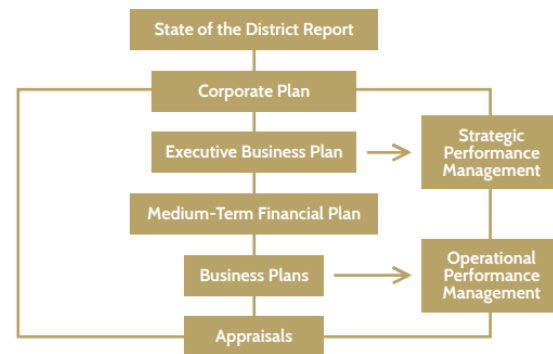

Introduction and Overview

The Progress and Delivery Year End (2024/25) report provides an opportunity to reflect on the performance throughout the year and the work undertaken to underpin the performance reporting to ensure that the Council and its teams have all the tools and information to support the continuous improvement.

84% of the Councils key performance indicators finish either within the agreed tolerance or exceeding their targets for 2024/25. This is an increase on the previous year which reported 81%.

A total 16% of measures report below target at the end of the year, this equates to 10 measures, six of which continue to be monitored with performance improvement plans.

Following on from the Councils Corporate Plan being formally approved in 2023/24 and with the focus on performance management through the following key outcome: implementing a strong performance management framework, fostering high-performing teams that consistently achieve targets, and supporting teams in enhancing performance through continuous learning and improvement. Work has been underway to continue to embed the Corporate Plan and a performance management culture:

A further full review of all measures and targets took place during 2024/25, to ensure that performance measures are strategically aligned to delivering our Corporate Plan aims and objectives. This will further strengthen our performance management framework, ensuring that officers can manage performance in line with Corporate Plan delivery.

Following the implementation of the Council's performance management system, 2024/25 saw service and portfolio specific dashboards rolled out. The successful delivery of this project continues to support the council moving away from a culture of performance reporting and towards embedding the goal of implementing a performance management and continuous improvement culture into the authority.

In 2024/25, the Council formally adopted its Digital ICT Vision - a forward-thinking framework designed to harness technological advancements and embrace new opportunities. The overarching aim of the Digital ICT Vision is: **"To enable modern, high-quality services through digital technology that meet the needs of our customers and our staff."** This vision underpins the Council's Performance Management Framework by fostering an adaptable environment that leverages emerging technologies to effectively deliver the Corporate Plan.

Aligned with our transformation agenda and continuous improvement programmes, 2024/25 saw the implementation of several new systems across various teams. Our Customer Services, Revenues, and Benefits teams successfully transitioned to **Genesys**, a cloud-customer contact centre platform designed to enhance service delivery, efficiency and choice of contact channel for customer. Meanwhile, the Planning and Planning Enforcement teams fully adopted the **HorizoNext** software, replacing the legacy Flare system. Remaining teams currently using Flare are scheduled to transition to **Sugar CRM** over the coming year.

Transformational change can be challenging, requiring teams to adapt to new systems and ways of working while continuing to deliver high-quality services. Throughout these transitions, performance consistency has been maintained thanks to the focus on people led change and the dedicated support provided by the Change and Project, and Systems Development and ICT teams, ensuring effective implementation and minimal disruption.

Corporate Health Year-End Performance

KPI	Actual (2023/24)	Target	Actual (2024/25)	Perf	DoT
COF01 - Budget variance	-£115,399	0	-£1.080m *		↑
COF02 - % of invoices paid within 30 days of receipt of the invoice	99.5%	97%	99.5%		→
