

FEES AND CHARGES REPORT

APPENDIX 6 - ENVIRONMENT SERVICES

1. Service Description

The Environmental Regulatory Service has several Fees and Charges namely:

- **Statutory Fees**
 - Environmental Services – Part B installations & Mobile plant and solvent emission activities.
 - Environmental Services – Part A (2) installations & small waste incineration plant.
 - Private water Supply Work – all fees are set as a maximum charge.
 - Request for Information.

- **Non-Statutory Fees**
 - Health Certificate.
 - Food Advisory service.
 - Food Hygiene Re-inspection.

2. Prior years analysis, current financial year projections

The table below demonstrates the Environmental Protection Act income received by the service over the last 3 years and the forecast for 2024/2025.

Income achieved	2021/22 Actual (£)	2022/23 Actual (£)	2023/24 Actual (£)	2024/25 Forecast (£)
Environmental Protection Act Income	(7,248)	(6,475)	(6,631)	(7,500)
Budget	(6,500)	(7,500)	(7,500)	(7,500)
Income Achieved (Above)/Below Budget	(748)	1,025	869	-

Statutory Fees are set at a maximum and cannot be increased.

All works are charged based on the actual officer time taken up to the maximum cost that can be recovered. In the last 12 months, the maximum fee set by statute has been sufficient to cover costs.

Private Water Supply Work – This legislation does allow for total cost recovery, therefore the fees charged reflect the actual cost of providing this service.

Non-Statutory:

Non-Statutory Income generated for 2023/2024 totalled £1,018 (including health certificates). Included within this area is the provision for food hygiene re-visits which were introduced in 2018/2019 and are proposed to continue into future years.

3. Pricing

Statutory Fees

These charges are all set by the Department for Environment, Food and Rural Affairs (DEFRA). The charges for 2025/2026 are due to be reviewed in February 2025 and the schedule of charges will be updated to reflect any changes.

All works undertaken are charged on a case-by-case basis, costed on the actual time taken up to a maximum charge that is set by statute. In the last 12 months the maximum fee set by statute has been sufficient to cover costs.

Non-statutory Fees

An inflationary increase of 3.5%, rounded to the nearest pound, has been applied to all non-statutory fees as appropriate, to bring into line with available benchmarking data.

4. Understanding Customers and Markets

Most fees and charges are statutory and set by the Government and therefore there is limited scope to reflect market conditions.

Where development takes place or industry grows, there is scope for the customer base to increase. Proactive work regarding the identification of premises where fees may be charged is ongoing.

5. Proposed Charging

Statutory charges will be applied in accordance with legislation. Statutory charges are set by DEFRA and 2025/2026 rates are not released until February 2025. The fees and charges schedule will be updated to reflect any changes at that time.

Non-statutory amendments:

Non-statutory charges have been increased by 3.5%, rounded to the nearest pound, to reflect inflation and to bring into line with benchmarking data.

6. Impact on Medium Term Financial Plan (MTFP)

There is no forecast impact on the MTFP, based on the previous 3 years actual income received and forecast demand for 2025/2026.
